Ace Power Systems

www.indiamart.com/ace-power-systems

Renowned as an eminent business enterprise, we are involved in manufacturing and supplying an extensive range of **Solder Wires & Sticks**. Our range is favored for its low power consumption, durability and high efficiency.

A Member of

Profile

Established in the year **2000**, we, '**Ace Power Systems**', have gained expertise in manufacturing and supplying a wide range of **Solder Wires & Sticks**. These are highly specialized products that are admired for their minimum power consumption, ease of installation and high insulation properties. The entire product line supplied by us is manufactured with the use of high quality raw material sourced from reliable vendors of the market. Used for joining various metal and electronic workpieces, these products are extensively demanded in engineering, automobile, plumbing, electrical, telecom and other autonomous sectors. Furthermore, these products can be suitably modified to fit the variegated application.

Following the guidelines of highest standards of quality, we have been successful in catering to the needs of both large and small enterprises. In order to meet the bulk and urgent requirements of our patrons, we have built a capacious warehousing unit, which facilitates us to store the entire range in a most secure manner. Furthermore, owing to our on-site support services, transparent dealing and ethical business practices, we have been able to acquire a huge client base across the nation.

Our organization is headed by '**Mr. Abhijit Sengupta**', who has helped us grow from strength to strength. Owing to his expertise in the respective domain and business acumen, we have been able to earn a prestigious stature in this competitive business environment.
