# Quantum Heat Treaters India Private Limited

<http://www.quantumheattreaters.co.in/>

We are a leading Service Provider Hydrogen Annealing Services which is essential for imparting optimum Magnetic properties in ferrous & ferrous alloys.

## About Us

Established in the year **1999**, **Quantum Heat Treaters India Private Limited** has gained huge recognition as the most promising Service Provider of reliable quality **Magnetic Shielding Service, Heat Treatment Service, Brazing Service, Dash Board Panel Components Services, Stress Relieving Process, EMI Shielding Service** and much more. Further, to scale up the provisions of future we are engaged in rendering efficient services that are executed by trained professionals with a use of latest technology and complete adherence to set industry standards. In addition, we have gained wide recognition for the assurance of acute professionalism, faster turnaround times, and competitive price bands.

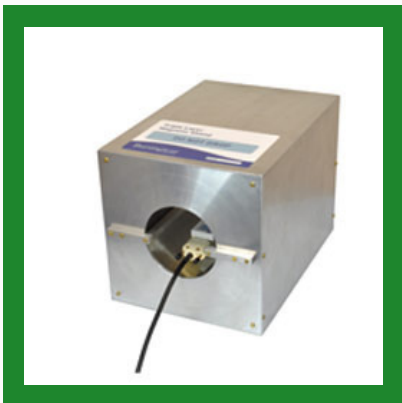

Due to advantageous features of industrial expertise, our trained professionals are instrumental in rendering reliable annealing services for tanks, furnaces and trays, automobile instrumentation, electromagnetic components and for sensitive instruments. Further, the highly advanced technological aids equip us to impart optimum magnetic properties in ferrous & ferrous based alloys. Besides, we work with a client focused perspective to exceed the expectations of our customers. Moreover, to earn the confidence of our valued patronage, we work hard to exhibit our compliance to highest authoritative standards for hydrogen annealing in the country.

With the support of our leader and mentor **Mr. S. Sundaram**, we have leveraged our potential to the fullest....
