

VARALAKSHMI STARCH INDUSTRIES P LTD

is a composite and integrated unit engaged in the manufacture of Tapioca Starch and all kinds of modified starches at par with international standards using Tapioca Tuber and the largest producers of Tapioca starch and its modified starches in India.

Its modern semi- automated plant (Production capacity 200 MT per day of ISI certified Natural Tapioca Starch & 100 MT per day of various modified starches) set a pioneering trend in starch industry in South India and has imported machineries from Sweden, Germany and Thailand. For the first time in India, about 25,000 MT of its tapioca starch products were exported. This company has impressive list of leading industries and multinationals in the paper, textile, food and adhesive sectors in their clientele.

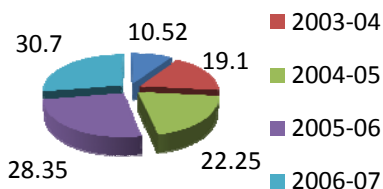

This company substitutes imports to the extent of 15,000 MT per year of modified starches in the highly sensitive white, map litho, executive bond and Xerox paper manufacturing industry.

VSIL has set up bio methanation plant to generate bio gas from waste water and this bio gas is utilized in industrial heating replacing HSDiesel.

VSIL has released exciting range of new products for the corrugation industry. VSIL is also embarking on a diversification to produce 100 MT per day of Maize starch, and the plant would be on stream by November 2008. Other upcoming products are pregelatinised starch and coating starch.

Sales Turnover (Rs. in Crores) ■ 2002-03

Chairman and Managing Director

V. Anbalagan, basically a farmer, is highly enterprising and innovative. He has deep rooted experience in all aspects of starch and sago (*"sabudana" in Hindi*). He started this business when he was 20 and within about 29 years the group's combined net worth grew to a staggering Rs. 100 crores from a mere Rs. 2 lakhs.

He has been constantly recognised for his work by the Government, the Bankers, and several social organizations, Institutions and has several awards, medals and appreciation to his credit. To mention a few of such awards:

Best Industrialist Award
Best Industrial Performance Award
Best Quality Manufacturer Award
Best Customer Award P N Bank
Rashtriya Rattan Award
Udyog Pragati Award

Customer satisfaction, keeping suppliers and employees in high esteem is the secret of his success.

The VSIL team is dynamic and different. The shareholders themselves takes care several functional responsibilities in the plant as well as in administration.

Our Motto

- ❖ To maintain consistent quality always to cater to the customer's needs
- ❖ To provide defect free products of international standards on par with multinational companies
- ❖ To maintain zero defect goal as the only acceptable level of performance
- ❖ To maintain eco-friendly factory
- ❖ To keep the customers, suppliers and employees in high esteem
- ❖ To save foreign exchange by import substitution
- ❖ To diversify to achieve value addition

Customer satisfaction, keeping suppliers and employees in high esteem is the secret of our success.
