Profile

Essen Metals & Alloy is a premier manufacturer engaged in offering a wide array of structural Steel products. Since our **establishment in 2006**, we have been one of the prominent manufacturer of a comprehensive range of various industrial products like GI Channels, GI clamps, Zig Zag Spring/Wires, Bud Caps, Shade Net and Aluminium Profile. Through our experience and expertise we have been able to make a mark in the industry. We cater to the requirements of various industries by delivering precise and quality products.

We have the best of trained and experienced work forces. They constantly perform stringent tests to check on the quality of the products on various parameters. Besides, our Research and Development team strives to better our existing products by implementing latest innovative manufacturing technologies. We take pride in our state-of-the-art infrastructure facility. Our products are highly acclaimed and in demand because of its reliability, quality, durability and optimum performance.

Our proprietor, **Mr. Rakesh Rawat** has guided us over time to accomplish our coveted market leader spot. His years of experience have played a major role in Essen Metals & Alloy reaching great heights. He has always ensured that only quality products are delivered to clients.
