An ISO 9001:2008 certified process equipment manufacturer, exporter & supplier of a wide array of **chemical process equipment.**

A Member of

Know Us

Established in the year 2003, we, Addison Industries, have become one of the manufacturers, exporters and suppliers of an extensive range of chemical process equipment. In addition, we also provide a wide variety of Multiple Effect Evaporators (MEE). These are demanded widely for distinguishing features that comprise long functional life, high efficiency, optimum performance and robust construction. Owing to these, our range is serving the mixing, heat transfer, evaporation, filtration, drying and storage needs of the chemical and bulk drug industry.

Being an ISO 9001:2008 certified organization, we believe in offering quality range of industrial processing equipment. Our organization is backed by well established manufacturing unit, which is equipped with sophisticated machines and tools. The entire unit is managed by a team of professionals, which has profound knowledge and rich experience of respective field. We have carved a niche in the industry due to our unique manufacturing process systems that enables us to maintain strong customer base. Some of our reputed clients include Divis Laboratories, Mylan Laboratories, Albattal group - Saudi, i3 Technologies -US, Zydus Cadila, MSN Labs, Racheem Pharma, HBL, Neuland labs, SNF, DRDL etc.

Our mentor, Mr. N. S. Hari Babu, has in-depth knowledge and rich experience of domain. He is the man of ideas who believes in attaining maximum satisfaction of clients by offering quality range of products.

ZERO LIQUID DISCHARGE

Product description:

- It Evaporates water at very economical way by using multiple effects.
- It utilizes Stage-I vapors to Evaporate feed in Stage-II and so on.
- It consist Stripper column to remove low boiling solvents from Effluent feed.
